Thanks. Can I get a non-CBI redacted version. I don't want to circulate this otherwise. Did you send this to OECA as well?

Ed,

Good afternoon. As discussed this morning, the attached letter is responsive to the U.S. Environmental Protection Agency's (EPA) request for information, embedded in the conference call notice dated January 8, 2021. In that notice, EPA requested a listing of states that Clarke has registered its Anvil 10+10 product, a list of entities that may have any inventories of product, information on the specifications provided to its suppliers, and correspondence from Ex. 6 Personal Privacy (PP) pertinent to its barrier technology. Clarke is pleased to respond to this request, as it has all other inquiries made of it by EPA and others.

Please do not hesitate to contact me directly if you should have any questions about the enclosed.

Sincerely,

Karen Larson
